Project Introduction

ArtChain Global seeks to revolutionise the art world. Based on open, extendable blockchain technology, the ArtChain Global platform provides a new method of participation for anyone involved in trading, collecting or producing works of art.

ArtChain Global invites all art owners and creators to display their assets digitally on the blockchain platform and utilises a digital currency to support various transactions.

ArtChain Global will include blockchain applications to be used by authorised parties to register and trade art assets and the inclusion of the Internet of Things (IoT) tracking technology will assist to provide authenticity.

ArtChain Global is designed to be used across the art industry worldwide, and support art registration and authenticity, art auctions, buying and selling, storage, art promotion, art finance, art sponsorship, artist training and support programs as examples.

ArtChain Global's digital currency (ACG token) Pre-sale Process
In order to support and participate in our ArtChain community, ArtChain Global offers an opportunity to participate in the pre-sale of ACG coin.

Pre-Sale Timeline

1. Due to the recent fluctuation of ETH in the markets, we are using USDT as a standard measurement through the pre-sale process.

2. On the day the ETH tokens are contributed, the ratio of ACG tokens will be determined based on the ETH market price.

3. Participants will be entitled to Bonus Tokens as early participants in addition to bonus tokens for joining the locked phase. The rates, bonus tokens and locked period bonuses are as follows.

1. GMT +8:00 26/4/2018 – 24:00 6/5/2018
   Exchange rate USDT:ACG = 0.03:1 (1USDT= $1USD)
   *Bonus 7%

2. GMT +8:00 7/5/2018 – 24:00 16/5/2018
   Exchange rate USDT:ACG = 0.03:1 (1USDT= $1USD)
   *Bonus 5%

3. GMT +8:00 17/5/2018 – 24:00 26/5/2018
   Exchange rate USDT:ACG = 0.03:1 (1USDT= $1USD)
   *Bonus 3%

The minimum unit of Exchange is three ETHs.

Locked Phase participation reward

All participants will be rewarded for joining a locked phase if chosen. The locked time commences on the day the tokens join the exchange market.

Phase A) 5% token bonus of the original token amount selected for a 3 month locked in period.

Phase B) 10% token bonus of the original token amount selected for a 6 month locked in period.
*Early participants can receive up to 17% bonus on their original investment.
